Objet : Protection des tombes de
RUDAHIGWA et MBONYUMUTWA

Monsieur le Ministre,

Faisant suite à votre lettre n° 11.04.081/8363 du 9 Juillet 1991 relative à l'objet repris en marge, j'ai l'honneur de porter à votre connaissance qu'il existe dans mon Département un cimetière de sites et monuments historiques que nous nous proposons de compléter au fur et à mesure du classement des sites et monuments.

En ce qui concerne la tombe de feu MBONYUMUTWA et sa protection effective, il y a lieu de noter que le décret-loi du 16 Août 1939 sur la Protection des sites, monuments et production de l'art indigène n'a jamais été mis en application, spécialement en son article premier, où il est question du classement des immeubles et meubles par le Gouverneur Général, prérogative qui devrait revenir actuellement au Président de la République. Il faut également noter que le classement des immeubles et meubles est une procédure préalable à leur protection et conservation.

Cependant, ainsi que nos services vous l'ont déjà oralement proposé, en attendant l'actualisation de ce décret, je pense que votre Département pourrait apposer une enseigne d'identification à l'endroit où feu MBONYUMUTWA a été enseveli et y ériger un "Mémorial MBONYUMUTWA". Une autre enseigne indiquerait le nom de la place ("place de la Démocratie") passé dans l'usage courant. Ces actes étant administratifs, ils relèvent de votre compétence. Il ne peut en être autrement puisque la tombe de feu MBONYUMUTWA n'est pas encore classée monument historique faisant partie du patrimoine culturel du Rwanda.

TOGOLISATION DU RWANDA DES MILITAIRES INCIVIQUES MENACENT LE PREMIER MINISTRE

C'est le 22/10/92 que deux télégrammes tombent simultanément dans les commandements militaires de toutes les Unités. Ils émanent respectivement du camp Colonel MAYUYA, cie médicale dirigée par le Lieutenant Colonel BARANSARITSE et du Camp KAMI commandé par le Major NERETSE. La raison invoquée est l'intégration de militaires

ntégration de militaires injustement renvoyés décidée par le Conseil des Ministres en date du 2/10/92. Les irréductibles du Chef de l'Etat ont décidé du même Coup d'aller assassiner le Premier Ministre à son domicile mais ils ont été découragés par l'Etat Major de l'armée qui était en alerte. Des noms sont cités:

Col. NSENGIYUMVA, Major MUTABERA, Major NKIZINKIKO MUSINGA, Lt Col. BARANSARITSE, Major NTAABUKUZE, Major NKUNDIYE et le terrible NERETSE. Tous ces officiers viennent de la même colline que le Président de la République. Ils réclament tous la démission du Premier Ministre et menacent d'aliéner tous les militaires du

pays pour le forcer à dissoudre le Gouvernement de transition. La population est déjà en alerte pour faire face à cette bande d'inciviques. Ces froussards qui ont peur d'aller affronter les INKOTANYI dans le MUTARA et qui préfèrent terroriser de simples citoyens sans défense!

TOGOLIZATION OF RWANDA**UNCIVIL SOLDIERS THREATEN THE PRIME MINISTER**

It was on 22 October 1992 that two telegrams arrived simultaneously at the military commands of all the units. They came respectively from the Colonel Mayuya camp, medical company headed by Colonel Baransaritse and the Kami camp under the command of Major Neretse. The undeclared intension was to integrate soldiers unfairly dismissed by decision of the Ministerial Council of 2 October 1992. The hard core of the Head of State decided at the same time to go and assassinate the Prime Minister in his residence but have been discouraged by the military headquarters, which had been alerted. The following names were cited: Col. Nsengiyumva, Major Mutabera, Major Nkizinkiko Musinga, Lt. Col. Baransaritse, Major Ntabakuze, Major Nkundiye and the terrible Neretse. All these officers come from the same hill as the President of the Republic. They are all calling for the dismissal of the Prime Minister and are threatening to align all soldiers of the country so as to force him to dissolve the transitional Government. The population has been alerted to stand up to this gang of uncivil elements.

These cowards who are afraid to go and confront the Inkotanyi in Mutara, prefer to terrorize ordinary defenceless citizens..
